

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Paseo Grande Charter
 CDS Code: 34-67421-0132019
 School Year: 2026-27
 LEA contact information:
 Jenna Unis
 Principal
 principal@paseograndehs.org
 (619) 540-3555

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

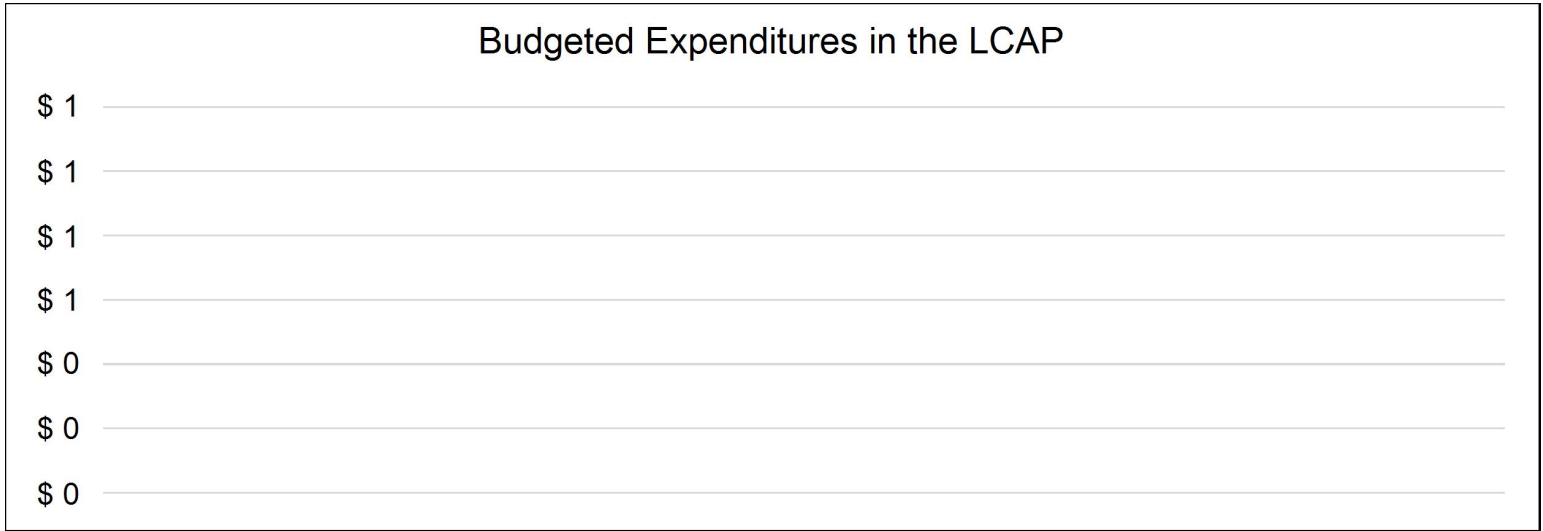

This chart shows the total general purpose revenue Paseo Grande Charter expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Paseo Grande Charter is \$, of which \$ is Local Control Funding Formula (LCFF), \$ is other state funds, \$ is local funds, and \$ is federal funds. Of the \$ in LCFF Funds, \$ is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Paseo Grande Charter plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

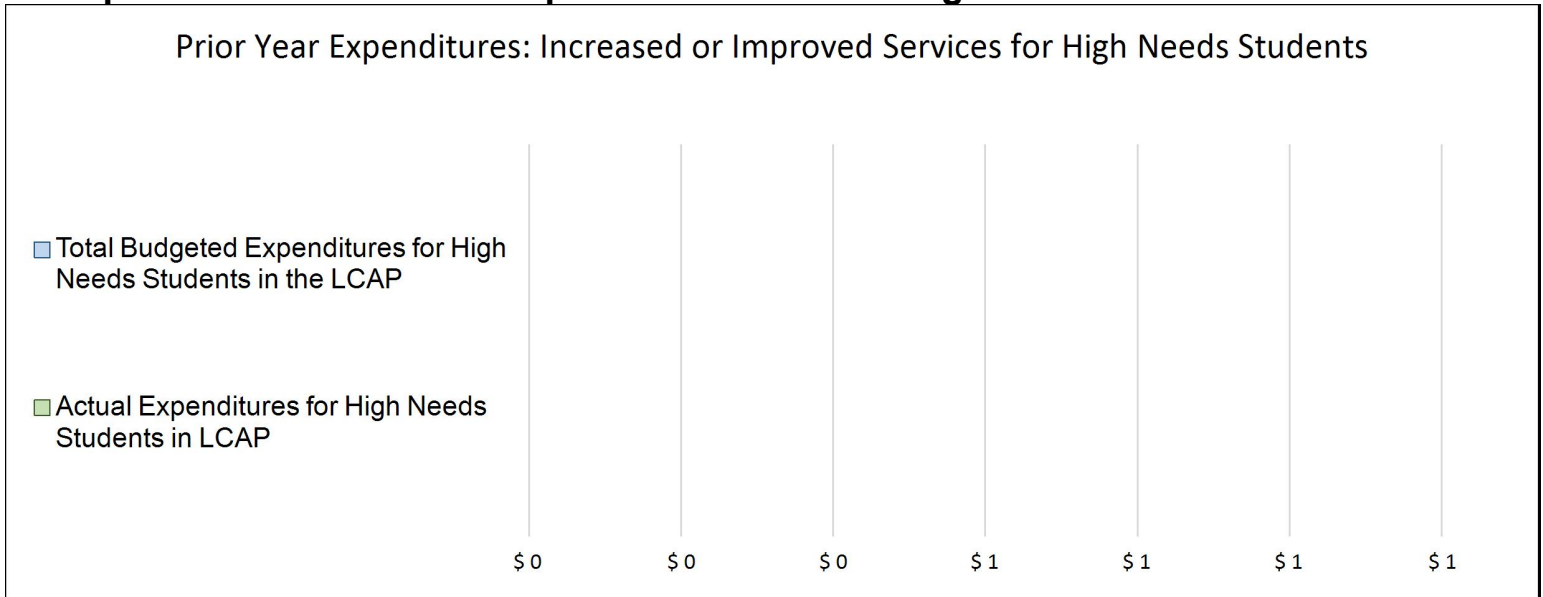

The text description of the above chart is as follows: Paseo Grande Charter plans to spend \$ for the 2026-27 school year. Of that amount, \$ is tied to actions/services in the LCAP and \$ is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Paseo Grande Charter is projecting it will receive \$ based on the enrollment of foster youth, English learner, and low-income students. Paseo Grande Charter must describe how it intends to increase or improve services for high needs students in the LCAP. Paseo Grande Charter plans to spend \$ towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what Paseo Grande Charter budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Paseo Grande Charter estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Paseo Grande Charter's LCAP budgeted \$ for planned actions to increase or improve services for high needs students. Paseo Grande Charter actually spent \$ for actions to increase or improve services for high needs students in 2025-26.

DRAFT

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Paseo Grande Charter	Jenna Unis Principal	principal@paseograndehs.org (619) 540-3555

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Paseo Grande (PG) is a year-round, virtual, independent study program designed to provide middle and high school students with a flexible and personalized pathway to earning their diplomas. As a Dashboard Alternative School Status (DASS) school, our mission is to prepare all graduates for post-secondary success by offering an equitable, high-quality, and student-centered virtual learning experience.

Paseo Grande has 152 students enrolled, with the following student demographics:

- 11.2% English Learners (EL)
- 78.9% Low-Income (LI)
- 2.6% Foster Youth (FY)
- 23% Students with Disabilities (SWD)
- 8.2% LTELS

Paseo Grande is committed to supporting students in their college and career readiness journey by providing personalized, standards-aligned coursework, one-on-one instruction, and academic advising. Many students choose PG because they seek an alternative to the traditional high school model, requiring more individualized support or greater flexibility to accommodate work, caregiving responsibilities, or personal circumstances. Regardless of their reasons for enrolling, our rigorous academic program, aligned with California and Common Core Standards, ensures a challenging yet highly tailored educational experience.

Our approach emphasizes strong school-to-home connections, personalized teacher-student interactions, and student-driven learning. The instructional model integrates the best elements of independent study and virtual learning, enabling students to work closely with educators, counselors, and support staff. Each student receives a Personalized Learning Plan (PLP), developed with input from credentialed Academic Advisers, incorporating assessment data, academic history, goals, and personal interests to maximize engagement and success.

To assess student progress, Paseo Grande utilizes multiple evaluation tools, including learning records, virtual meetings, student work samples, benchmark tests, and state assessments. Additionally, through WIOA partnerships and collaborations with community organizations, students gain access to career training, post-secondary planning resources, and financial aid guidance to support their transition beyond high school.

Our goal is to empower students with the skills, confidence, and resilience needed for lifelong success in their academic and professional pursuits.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflections: Successes

We analyzed our school data using the CA Dashboard, DataQuest, our SARC, and our LCAP Annual Data Report, which aligns with the 8 state priorities, as shared in the key metrics below.

Graduation Rate

Our CDE Dashboard Alternative School Status (DASS) Graduation rate was calculated at 93.9%. This is high for a DASS school serving students who enroll needing to recover credits. There were not enough graduates to warrant a calculation last year. 92.7% of our low-income students graduated. Our African American, Asian, Hispanic, White, English learners, students with disabilities, foster youth, low-income, and homeless student groups did not have enough in the population to warrant a calculation. This shows that our mission of meeting students' academic and social-emotional needs was effective. We plan to increase our success with our students by increasing such supports as tutoring for all seniors.

English Learner Progress

The CA Dashboard ELPI did not show a color because the data was suppressed due to too few students in the student groups. The same is true for the previous year. Our LTEL group did not have a color for the same reason. Our expected outcome is moderate growth. Our English Learner reclassification rate was 12%, which is above our expected outcome of 9%. We were above the state average of 46.4% English Learner Progress Indicator for all EL students who made progress last year. Our intent is to meet or beat the state average.

CAASPP English Language Arts

The CAASPP scores also showed that 35% of our 11th graders were meeting or exceeding standards. This was an increase of 9% points from last year, and meets our expected outcome of 27%. Most of our students come to us deficient in credits and skills, and they score at the 7th-grade level in ELA. Below the All-student group was our low-income students at 36%. Below the All-group were Hispanic students at 27% and English learners at 18%. Whites scored at 47%. Our African American, Asian, students with disabilities, homeless, foster youth, and all others did not have enough students for a calculation. This is because we serve students who are traditionally 3-4 grade levels behind in their schooling.

CAASPP Mathematics

Our 11th graders scored 39% in meeting standards on the CAASPP for Mathematics. This surpasses our expectation of 6%. English learners and Hispanic students were at 36%. Below the All-student group were students with disabilities and low-income at 33% and 38%. Our African American and White students were at 40%. 100% of the Asian students and 50% of homeless students were proficient. Foster youth and all other student groups did not have enough students to warrant a calculation. This is because students who enroll with us are typically 3-4 grade levels behind in their schooling.

CAASPP Science

The CAASPP Science showed growth to 20%. This surpassed our expected outcome of 6%. The Hispanic and low-income student groups were at 12% and 18%. Our African American, Asian, White, English learners, homeless, foster youth, students with disabilities, and all other student groups did not have enough in the population to warrant a calculation. We serve students who are traditionally 3-4 grade levels behind in their schooling.

Success Rate

Another important measure for us is our success rate, which is the percentage of students who graduate, along with the percentage that are retained or returned to their local school district. This metric was recalibrated to be an end-of-year measurement. Our success rate was running high at the end of last year and is 89.57%. This is 4.27 points above the target outcome. It's been high over the last three years and shows that our mission of meeting students' academic and social-emotional needs continues to be effective.

Attendance

Our attendance rate is high at 93.09% and is +12.56 percentage points increase from the baseline year. Our expected outcome is 90%. We believe that additional re-engagement strategies can be implemented to help improve students' attendance rates. Our teachers and retention support staff work to address the serious concerns we have for students' attendance. Building relationships and staying connected to students is a critical part of our programs that requires additional interventions.

Credit Completion

Our credit completion rate is a very important local metric that helps to monitor progress towards graduation. It has increased over the last two years. With additional supports in place, such as tutoring, our students were able to earn, on average, +125% more credits compared to the baseline. Our low-income students earned a +130% higher credit completion rate than in the baseline year. Students in the low-income and special education groups earned +2.43 and +2.05 points higher, respectively, in credit completion compared to the baseline year. The foster youth student group was just above the All-student group. The English learner group was +3.05 points compared to the baseline year. We expect to continue to increase our credit completion rates for all students so that they stay above 4.0 or higher each learning period.

Suspension and Expulsion Rate

Suspension rate was blue, which is “Very Low” on the CA Dashboard. It was 0.0% for the All-student group. All student groups earned a blue status, including English learners, LTELs, low-income, Hispanic, African American, Asian, White, students with disabilities, and all other groups in the population. All other students had 0% suspensions. Expulsions were low at 0.0%.

School Survey Results

Our school survey data shows that 98% of our students felt connected this year. This is the same as last year and is over our expected outcome. This is an important metric for us, and we expect it to be higher each year. Face-to-face interaction with a caring adult will help students feel connected. Additionally, 99% of the students surveyed said that they feel safe at school.

It is very important to us to ensure that we are doing everything possible to provide students with the time and attention to support them during their time with us. Teachers also reported that 100% feel safe and 100% feel connected to the school. We have high expectations for school safety and connection, and we intend to continue to improve our school connectedness.

Parents are encouraged to participate in their students’ education as well as school activities, events, and celebrations. This year, we had about the same parent participation in our PAC and ELAC meetings. On the school survey, 100% said that they feel engaged.

Standards were met for the following state indicators:

- * Parent Engagement,
- * Local Climate Survey,
- * Access to a Broad Course of Study,
- * Basic Teacher and Instructional Materials, and
- * Implementation of Academic Standards.

CA Dashboard English Language Arts

Our Academic Indicator for English Language Arts showed no color because there were not enough students to calculate a status. There were no student groups in the red because there were not enough students in any of the student groups.

CA Dashboard Mathematics

The Academic Indicator for Mathematics showed no color because there were not enough students to calculate a status. There were no student groups in the red because there were not enough students in any of the student groups.

How will we maintain our success?

We plan to maintain and build on our success by implementing our LCAP actions with fidelity, carefully monitoring our progress, and discussing our results within our professional learning community (PLC). We will continue to grow in our capacity as we engage in a process of continual improvement based on the Plan-Do-Study-Act model (PDSA). Ongoing data discussions between teachers and administration will be grounded in established (PLC) protocols, with a focus on improving student outcomes. These regular PDSA cycles of collaboration will ensure continued alignment with and commitment to our LCAP actions.

The goals and actions articulated in our LCAP support our personalized learning model and adequate funding is provided to ensure that effective strategic supports such as tutors, student retention services, and trauma-informed trained teachers continue. We monitor the progress of our students through multiple measures around engagement and academic performance. LCAP data and other local data are discussed quarterly and shared with our educational partners, including the school board.

Due to the nature of our credit recovery, independent study, and Dashboard Alternative School Status (DASS) program, certain data points are not included in the LCAP. Students do not take Advanced Placement or pass EAP in any amount greater than 11, and the CDE prohibits any potentially identifying student data. The federal calculation for the 4–5-year cohort graduation rate and the chronic absenteeism rate metrics are also not a match for our program because the calculations are for seat-based programs and not short-term independent study programs that have students with high mobility. We utilize alternative metrics such as the one-year DASS graduation rate and local attendance rates to monitor and report our students' progress towards graduation. Furthermore, our dropout rate is calculated as our non-completer rate, which tracks any student who does not report to us that they have continued with another program to complete their education.

Reflections: Identified Need

State performance indicators from the California School Dashboard show the following indicators were very low:

5-Year Cohort Graduation Rate

The federal 4–5-year cohort graduation rate is very low compared to national average and may qualify us for CSI in the future. The 5-year graduation rate was 41.1% in 2025, 23.1% in 2024, and 25.9% in 2023. This is far below the 68% threshold, but it is an increase of 18% points. This is a significant increase for a DASS school. The student group data used in our analysis is from the Dashboard and is also reported in DataQuest. The socioeconomically disadvantaged student group was in the red. All the other groups, including African American, Asian, Hispanic, Filipino, White, two or more races, English learners, LTELs, students with disabilities, homeless, foster youth, and all other student groups, did not have a color because there were not enough students for the calculation. Therefore, our. We do recognize the inequities between the highest student group and the other student groups, and our plan to address the gap in graduation scores is described in the LCAP.

Retention Rate

One critical focus of our program is to improve the performance of our disengaged students and address social-emotional concerns such as trauma. We identify, early on, which students are not completing their schoolwork and then assign them tutors to ensure that they help support student learning. This metric was recalibrated to be an end-of-year measurement. At the end of 2025, our retention rate was 71.50%, which is 9.5 points below our target outcome. We will continue to ensure that our teachers, tutors, and counselors collaborate as a team to retain students.

Non-Completer Rate

This metric was recalibrated to be an end-of-year measurement. As a result, we saw a decrease in our non-completer rate 10.43%, which is close to our 10% threshold, but still above. Our teachers and retention support staff work to address the serious concerns we have for students potentially dropping out. Building relationships and staying connected to students has kept the non-completer rate low.

Student Groups with Lowest Performance Levels from 2023 CA Dashboard:

Graduation Rate Indicator: none.

English Learner Performance Indicator: none.

Academic Indicator -English Language Arts: none.

Academic Indicator -Mathematics: none.

College and Career Indicator: none.

Learning Recovery and Emergency Block Grant

Our school had unexpected LREBG funds for the 2025-26 school year. The LREBG funded action results may be found in Goal 1, Action 8, prompt #2. See action for description of the rationale for choosing the selected actions.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not applicable, because there were not enough students in the student groups for a valid calculation.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Paseo Grande Charter is not identified as a CSI school.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Paseo Grande Charter is not identified as a CSI school.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Paseo Grande Charter is not identified as a CSI school.

DRAFT

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
PAC/Parent Advisory Committee Parents, Students, Staff & Community Members	<p>Our school gathers feedback for the Local Control and Accountability Plan (LCAP) through regular PAC meetings. Parents, students, and community members are notified of upcoming meetings via mass messaging, communication from teachers, students, and parents, as well as through monthly parent newsletters. PAC meetings are accessible remotely via video or phone conferencing. During each meeting, the progress of the LCAP is reviewed, and attendees share their feedback verbally, through chat, and with virtual meeting engagement tools such as polls, surveys, and emoji reactions. For those unable to attend live meetings, recordings are distributed through the Parent Newsletter.</p> <p>Quarter 1 - August 28, 2025: Agenda Topics - Assembly Bill 84, LCAP, CSI, Student Achievement Awards (GRIT Awards)</p> <ul style="list-style-type: none"> • Discussed scope and impact of Assembly Bill 84. • Reviewed the Purpose of the Local Control Accountability Plan (LCAP) • Reviewed LCAP Goals 1-4 and solicited educational partner feedback. • Reviewed Purpose of Comprehensive Support and Improvement (CSI). Discussed eligibility, State vs. Federal graduation rate, CSI plan and goal. <p>-GRIT awards recognize students who demonstrate our student learning objectives, Growth Mindset, Resilience, independence, and</p>

	<p>-CSI Plan -2026/2027 LCAP draft with Ed Partner input</p> <ul style="list-style-type: none"> • Discussed Reclassification • Gave update on reclassified students • Gave Testing Updates for ELPAC, CAASPP, NWEA • Upcoming Events
Teachers	<p>Teachers and staff are provided with ongoing opportunities to share input and participate in conversations about schoolwide priorities, including progress toward LCAP goals, during weekly team meetings. Staff also contribute feedback through an annual school survey and have access to an anonymous survey that can be used at any time throughout the year. Within subject-area and grade-level teams, educators work together to review data, track student progress, and reflect on how well the school is meeting its goals.</p> <p>Teacher/Staff Meeting Dates:</p> <p>7/11/25, 7/18/25, 8/1/25, 8/29/25, 9/12/25, 10/10/25, 10/17/25, 10/24/25, 10/31/25, 11/7/25, 11/21/25, 12/5/25, 12/12/25, 12/19/25, 1/16/26, 1/23/26, 1/30/26, 2/13/26, 2/27/26, 3/6/26, 4/17/26, 4/24/26, 5/1/26, 5/8/26, 5/15/26, 5/22/26, 5/29/26, 6/5/26, 6/12/26, 6/19/26, 6/26/26</p>
Principals	<p>The principal works closely with other regional principals to review reporting requirements, discuss emerging school needs, and consider available resources that inform the development and monitoring of the LCAP. Alongside the leadership team, the principal plays an active role in shaping and refining the plan based on ongoing data review, identified inequities, and anticipated needs. The leadership team also meets on a quarterly basis to examine data and track progress toward LCAP goals and overall school priorities.</p> <p>Regional Principal Meeting Dates:</p> <p>7/7/2025, 7/14/2025, 7/21/2025, 7/28/2025, 8/4/2025, 8/11/2025, 8/18/2025, 8/25/2025, 9/8/2025, 9/15/2025, 9/22/2025, 9/29/2025,</p>

Educational Partner(s)	Process for Engagement
	<p>10/6/2025, 10/13/2025, 10/20/2025, 10/27/2025, 11/3/2025, 11/10/2025, 11/17/2025, 12/1/2025, 12/8/2025, 12/15/2025, 1/5/2026, 1/12/2026, 1/26/2026, 2/2/2026, 2/9/2026, 2/23/2026, 3/2/2026, 3/9/2026, 3/16/2026, 3/23/2026, 3/30/2026, 4/13/2026, 4/20/2026, 4/27/2026, 5/4/2026, 5/11/2026, 5/18/2026, 6/1/2026, 6/8/2026, 6/15/2026, 6/22/2026, 6/29/2026</p>
Administrators	<p>The administrative team meets on a regular basis to review reporting expectations at both the local and state levels, discuss emerging needs across the school, and determine how resources can best support ongoing LCAP development and monitoring. Administrators work closely with the leadership team throughout this process, contributing input and helping shape the plan so it reflects the school’s specific priorities. These priorities are identified through continuous review of data, consideration of future needs, and an ongoing focus on areas of inequity. In addition to these regular discussions, the leadership team also meets quarterly to review data and assess progress toward LCAP goals and broader school objectives.</p> <p>Administrators/Leadership Meeting Dates:</p> <p>7/7/2025, 7/14/2025, 7/21/2025, 7/28/2025, 8/4/2025, 8/11/2025, 8/18/2025, 8/25/2025, 9/8/2025, 9/15/2025, 9/22/2025, 9/29/2025, 10/6/2025, 10/13/2025, 10/20/2025, 10/27/2025, 11/3/2025, 11/10/2025, 11/17/2025, 12/1/2025, 12/8/2025, 12/15/2025, 1/5/2026, 1/12/2026, 1/26/2026, 2/2/2026, 2/9/2026, 2/23/2026, 3/2/2026, 3/9/2026, 3/16/2026, 3/23/2026, 3/30/2026, 4/13/2026, 4/20/2026, 4/27/2026, 5/4/2026, 5/11/2026, 5/18/2026, 6/1/2026, 6/8/2026, 6/15/2026, 6/22/2026, 6/29/2026</p>
Students	<p>The Student-Parent Advisory Committee (SPAC) creates a space where students and families can come together to talk about school programs and support student success. It serves as a small, collaborative group where participants can share their perspectives, ask questions, and contribute ideas that help guide decisions and improve the experience for all students.</p>

Educational Partner(s)	Process for Engagement

Public Comment	5-4-26 through 5-22-26, the public comment period provided parents and members of the public the opportunity to submit comments regarding specific actions and expenditures proposed in the 2026-2027 LCAP.
Public Hearing	6/22/2026 The meeting provided the public a period of time to come forward with any comments they might have about the LCAP, prior to its adoption by the charter school board.
LCAP Adoption by the Governing Board	6/22/2026 The governing board adopted the 2026-2027 Local Control and Accountability Plan, which included the Budget Overview for Parents and the Comprehensive Support and Improvement Plan.
Budget Adoption and Local Indicator Report	6/22/2026 The governing board adopted the 2026-2027 Budget, and they were presented with the Local Indicators Report.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The 2026–2027 LCAP was developed through ongoing engagement with educational partners. Input from families, staff, and community members played a key role in guiding the development of goals, actions, and the use of LCFF funds. This input was considered alongside required metrics and local indicators to better understand and respond to student needs. Updates to the current plan reflect this continued review and collaboration. The feedback summarized below highlights how educational partner input informed the development of the LCAP.

Parents Feedback:

Goal 1.1: Families again consistently pointed to the ELPAC Prep course, interactive Kahoot reviews, and ELAC meetings as strengths. They shared that these supports help reinforce key skills while also keeping students engaged.

Goal 1.2: The school utilizes a coordinated system of tools to monitor student progress in real time, allowing for early identification of student needs and timely academic intervention. Communication with students and families supports awareness of progress and available supports. With regard to communication, one parent noted "I believe you guys communicate effectively already".

Goal 1.3: Extended tutoring hours have made it easier for students to get help when they need it, especially outside of the regular school day. Additionally, the number of students engaged in tutoring has increased. This added flexibility helps ensure that more students can access consistent academic support, regardless of their schedules or circumstances. PCGs and Families voiced feeling encouraged over the continuing increase in graduation rate, this time by 18%, as an indicator that these targeted supports are consistently making a difference. When polled, PCGs reported the top three evidence based strategies they preferred for targeted academic support were One-on-one tutoring, Sustained One-on-one Attention and Problem Solving, and Addressing Social Emotional Issues.

Goal 1.6: Members of the Multilingual Department were given the opportunity to attend the California Association for Bilingual Education (CABE) Conference, the CATESOL State Conference, and the ELL Conference State Innovative Schools Summit as part of the school's ongoing investment in EL staff professional development. Through these experiences, teachers were able to learn and try new strategies, engage with current research, and collaborate with other EL Professionals. These efforts have ultimately strengthened support for students and contributed to improved outcomes.

Goal 1.7: When parents were asked to provide input regarding the possible uses of the Learning Recovery Emergency Block Grant (LREBG), the top three results were tutoring / academic intervention programs, mental health / social-emotional supports, and college/career readiness.

Goal 2.1: PCGs often express enthusiasm for our Jobs for America's Graduates (JAG) coursework, a career readiness program that focuses on employability skills, career exploration, and real-world readiness. We also offer introductory CTE courses in Healthcare, with plans to offer more in the future.

Goal 2.4: Our Learning Management System continues to be a crucial tool for giving teachers the ability to customize assignments and integrate additional resources, enhancing learning experiences for our students. Parents have expressed appreciation for the continued use of Nearpod and Edpuzzle, to help address learning gaps and support student success. When polled, 100% of PCGs reported that they felt all

students with different genders, socio-economic status, or origins are being educated with high expectations, quality instruction, and materials.

Goal 3.1: PCGs reported appreciation for the efforts that staff make to retain students and keep them engaged. PCGs expressed a desire to see more positive social incentives for good attendance as a way to improve retention efforts.

Goal 4.1: PCGs reported a high level of satisfaction with regard to communication between the school and home, noting that staff create a positive learning environment for students. PCGs reported appreciation for having positive interactions with staff where they felt supported and informed. One parent noted "All staff supports my son".

Goal 4.2: PCGs have expressed a high level of appreciation for how our school provides language access, clarity, accessibility, and inclusive communication ensuring communication is understood. This includes the use of written and spoken translation services. This helps to ensure families, regardless of preferred language, receive clear information about school policies, student progress, and key updates including school events.

Administration Feedback:

Goal 1.1: During regular leadership meetings, administrative personnel have cited seeing marked improvements in assessment performance for English and Math, as well as English Learner Progress.

Goal 1.4: Our school counselors were able to participate in the acclaimed and ASCA recognized Hatching Results professional development for school counselors program. Through this experience, counselors learned new and valuable approaches to supporting student success. The strategies and tools they brought back have strengthened counseling services, expanded mental health supports, and have helped to ensure students receive consistent, equitable guidance.

Goal 2.2: Our school has continued to integrate the tenets and practices embodied by our Trauma Resilient Educational Communities accreditation (TREC). This has equipped staff with tools and effective strategies to better support, serve, and communicate with students facing adversity and living with traumatic events and circumstances.

Goal 2.3: The school continues to provide quality educational tools that are needed for student success. Laptops with built-in hotspots and unlimited data are issued to students, helping to ensure consistent access to learning and educational content wherever they are. Additional resources are available, such as noise-cancelling headphones, cameras, and wacom tablets for specialized coursework. For students with 504 plans and IEPs, assistive technology is provided to support accessibility and help them fully engage in their learning. These resources help create a more equitable and supportive learning environment.

Goal 3.1: Our retention team has refined processes that have focused on targeted outreach, early intervention, consistent follow-up, as well as improved communication among staff, which have resulted in a marked decrease in chronic absenteeism by 49%.

Goal 4.1: During regular leadership meetings, administrative personnel have noted positive increases in engagement including better consistency in communication across a variety of platforms both internally and externally, an increase in PCG responsiveness, as well as consistently healthy PCG participation in school and community events.

Student Feedback:

Goal 1.3: Our on-demand tutoring services continue to be available to students 5 days a week from 8 a.m. to 5:30 p.m. Student access to tutoring support and services is conveniently managed through appointment booking links, which ensures they receive the support they need to succeed in a timely manner. Students continue to report a high level of enthusiasm and appreciation for the high-impact tutoring services they receive.

Goal 3.1: Our efforts to increase the efficiency and potency of our engagement, accountability, and attendance practices have shown positive results.

Goal 3.2: Our counseling department has consistently received positive feedback concerning the various services they provide to students, such as Hazel Health and Care Solace. Both programs have played a key role in supporting students' mental and social well-being, particularly during times when additional care and stability are needed. When asked about the availability of mental health and wellness resources, one student said "This school has saved my life regarding grades and self motivation, and I have been able to hold myself accountable. I have never loved school so much. I am so grateful to all of you." Another student stated "I felt supported through my entire time at this school. I was welcomed no matter who I was speaking to".

4.1: Students are afforded opportunities to offer feedback during Student-Parent-Teacher Advisory meetings while collaborating with one another regarding educational partner experiences. One student said "Everyday [my teacher] communicates with me and I always turn to her. So I'm happy with the communication".

Teachers Feedback:

Goal 1.1: 5 students were recognized and presented with Certificates for being recognized by the State of CA as English Proficient by passing the ELPAC assessment and meeting other criteria.

Goal 1.3: Teachers are actively continuing to increase tutoring services. Through collaborative efforts, we are enhancing strategies, and expanding access to ensure more students benefit from personalized assistance. Teachers have overwhelmingly reported the positive value inherent to high-impact tutoring.

Goal 1.6: Teachers have reported confidence in the efforts made to increase the Multilingual Program's structure and effectiveness. During an in-person Parent Involvement and Family Engagement Team Meetup focused on English Learners and Long Term English Learners, one teacher stated: "It is important that we work together to make an impact for our English Learners and all kids".

Goal 2.1: Teachers have consistently reported a high degree of buy-in and support for the school offering career readiness courses such as Career Planning to students. These courses provide students with practical skills, industry knowledge, and real-world life experiences,

prepping them for both higher learning and the workforce. Additionally, staff again attended the JAG (Jobs for America's Graduates) Summit, which provided valuable professional development opportunities to enhance student success. The summit offered insight into effective career-readiness strategies and exposure to innovative practices.

Goal 2.4: Our teachers have continued to closely monitor A-G-bound students, ensuring they stay on track to meet college admission requirements. By providing targeted support, academic guidance, and early intervention, our teachers help students maintain strong performance in rigorous coursework.

School Board Feedback:

The school board was pleased with the growth of the school. The board expressed appreciation for the Area Superintendent Reports and the Principal Reports, and praised their efforts.

Public Feedback:

Our LCAP is shaped over time through ongoing input from our educational partners. As the program continues to grow, we regularly review both student and school performance data to better understand where we are seeing success and where additional attention is needed. These insights are paired with feedback from families, students, and staff, which helps guide conversations and next steps. We make a point to gather input throughout the year and work collaboratively to respond to what we are hearing. Using data to inform decisions remains an important part of this process, but it is just as important to include the perspectives of those directly connected to the school. Their feedback helps bring context to the data and ensures that decisions are grounded in real experiences. Recognizing student progress and celebrating achievements is also a key part of our approach, as it helps build motivation and reinforces a culture of growth. Overall, the combination of data and educational partner input continues to guide our priorities and supports ongoing efforts to improve outcomes for all students.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	<p>Increase Academic Progress:</p> <p>This is a focus goal for increasing academic progress for all students, especially our English Language learners, low-income and foster youth, who struggled during the previous year. In the next three years, we will have mitigated the negative impact learning loss had on our students, and we will see improvement in our NWEA, EL reclassification, credit completion and graduation rates.</p>	Focus Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)

An explanation of why the LEA has developed this goal.

As a result of our analysis on key state and local data, we determined the need for a focus goal on academic performance for all our unduplicated students. This new goal specifically addresses low key metrics such as the English Learner reclassification rate, credit completion, and graduation for our student groups. We looked at our student group data, which reveal performance gaps between the “All Student Group,” and the unduplicated students. Our students also take the NWEA MAP assessment, and we measure academic growth from year to year in this way. This year, performance gaps among student groups were also revealed, using that assessment. We understand the gaps that need to be closed for our students, and this focus goal was carefully designed to support their academic needs with targeted interventions and tutoring.

We sought the consultation of our educational partners, and involved them the LCAP process, which we believe promotes positive engagement, buy-in and trust. We know that additional tutoring, interventions, and counseling support will help address the learning loss over the next few years.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our school used the following rating scale to determine its progress in implementing the actions to achieve the articulated goal. Ratings were based on an analysis of both input from educational partners and metrics. Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability.

The actions outlined in Goal 1 supported the progress in meeting the following goal: Increase Academic Progress.

Action 1.1: English Learners support staff, interventions, and materials

Implementation Status: 4 - Full Implementation

Analysis Statement: We employ highly qualified teachers and tutors to deliver customized instruction to our English Language Learner students, including dedicated paraprofessionals (of whom we increased this year). Our curriculum includes Language Tree, which identifies and bridges language skills gaps to accelerate early EL acquisition, EDGE, which prepares students for core content coursework, and Burlington English for newcomers learning the English language. Furthermore, our Summative ELPAC Prep Course is facilitated through small group instruction and aimed to boost students' unique listening, reading, writing and speaking proficiency gaps by providing them with the essential skills to enhance their performance in the exam. ELlevation software provides professional development for staff that specifically targets students who are acquiring a new language. No substantive difference in the planned action compared to the actual implementation.

Actions 1.2: All academic interventions and program materials

Implementation Status: 4 - Full Implementation

Analysis Statement: Our highly qualified instructional faculty adeptly recognizes the unique learning needs of each student, tailoring their teaching methods and feedback accordingly. Through meticulous data analysis, they evaluate students' progress, adapt instructional strategies, and offer additional support, including daily office hours and on-demand tutoring available from 8 AM to 5:30 PM, five days a week. Using various communication tools, our staff proactively intervenes to address learning challenges, ensuring students and parents stay informed about progress. With a trauma-informed approach, our staff fosters a positive learning environment, encourages thoughtful goal setting, and strives to improve student academic outcomes. No substantive difference in the planned action compared to the actual implementation.

Action 1.3: Tutoring and support for students

Implementation Status: 3 - Full Implementation

Analysis Statement: On-demand tutoring and booking sessions are available from 8 AM to 5:30 PM, five days a week, with our team of experienced and educated tutors. Students can access tutoring through booking appointments, and also through live chat on the tutor website. There is a focused effort to increase individual student engagement in tutoring, particularly with fourth and fifth-year seniors. Our team meets consistently to analyze data and guide targeted actions to improve outcomes. This year's priority was to continue to increase fourth and fifth-year participation in tutoring and to establish a connection with a caring tutor. No substantive difference in the planned action compared to the actual implementation.

Action 1.4: Counseling students towards graduation and materials

Implementation Status: 4 - Full Implementation

Analysis Statement: Our counseling team works closely with our Academic Advisors to provide academic guidance and ensure students are placed in suitable classes for their post-secondary desires. They assist with overcoming social and emotional challenges and offer help with college and career. Moreover, our counselors establish solid partnerships with the Foster and Homeless Youth Educational Services department at our local county office of education, guaranteeing additional support for homeless students nearing graduation as they transition to post-secondary endeavors. No substantive difference in the planned action compared to the actual implementation.

Action 1.5: Teachers and staff are qualified and appropriately assigned

Implementation Status: 4 - Full Implementation

Analysis Statement: Our objective is to recruit highly qualified teachers, as their deep understanding and expertise significantly enrich student learning. It is essential to offer thorough training to new educators to ensure they possess the necessary pedagogical skills for engaging students effectively. The caliber of education provided by certified teachers plays a vital role in improving student success rates and achieving positive learning outcomes. No substantive difference in the planned action compared to the actual implementation.

Action 1.6: Professional development for English Learners

Implementation Status: 4 - Full Implementation

Analysis Statement: Year-round, we prioritize professional development to support the needs of our English Language Learners, including sending EL staff to the California Association of Bilingual Educators (CABE) conference. All staff members are trained in implementing SDAIE techniques to improve learning facilitation and understand the student's IELDP for implementation of targeted strategies for improved language skills. Additionally, our EL department Program Specialist conducts individual and small group sessions to enhance teacher efficacy in EL practices. No substantive difference in the planned action compared to the actual implementation.

Action 1.7: LREBG - Intervention programs and support personnel to support students

Implementation Status: 3 - Initial Implementation

PG has received LREBG funds and is in the initial planning stages. We have reviewed student needs and analyzed relevant data to identify target areas for intervention. These funds will be used to provide additional professional development, strengthen instructional strategies and student engagement, expand tutor support, close learning gaps for EL, LTEL, FY, and LI students, and enhance intervention programs such as tutoring and small group instruction. Social-emotional supports will also be strengthened to ensure students are engaged, supported, and on track for on-time graduation.

Overall Successes:

The overall success of our school is linked to the presence of essential tools and systems that significantly contribute to enhancing student outcomes. Our engaging curriculum fosters active student participation and a deeper understanding of key concepts, driving academic achievement. ELPI progress saw an increase of 50% and there was an increase of 34.8% in LTEL progress. Reading Lexile and Math Quantile scores showed solid increases across all groups. Additionally, the implementation of the new EL curriculum provides tailored support for English Language Learners at all levels, ensuring they receive the necessary resources to thrive academically. Moreover, our school's success is bolstered by our highly qualified staff, including support staff and tutors, whose expertise and dedication play a pivotal role in guiding and nurturing students towards academic excellence. This school year, we have seen an increase in credit completion, from

3.89 to 4.28, and our one-year DASS graduation rate increased from 90% to 93.9%, despite continued increases in enrollment. Together, these elements create a supportive and enriching environment that propels our students toward success.

Overall Challenges:

As a school, we confront numerous challenges in our endeavor to bridge the academic gaps and address the trauma experienced by our students. Many of our students come from diverse backgrounds and face various socio-economic and personal challenges that impact their academic performance. These challenges may include inadequate access to resources, unstable home environments, and exposure to traumatic experiences. Additionally, the effects of trauma can manifest in various ways, including difficulty concentrating, behavioral issues, and emotional distress, all of which can hinder learning and academic progress. Furthermore, we address these challenges by using a holistic approach that involves collaboration among teachers, counselors, and community resources to provide comprehensive support and interventions tailored to meet the individual needs of each student. Additionally, our enrollment grew again significantly this year, and our academic metrics remained strong. Despite challenges, our school remains committed to creating a safe and supportive learning environment where all students can thrive academically and emotionally.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no real material differences in the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, because actual expenditures were greater than budgeted expenditures and principally directed towards our English Language Learners, low-income, and foster youth students. We were able to meet our budgeted expenditures, as shown in the 2025-2026 Contributing Actions Annual Update table for estimated actual expenditures. This is true for the LCFF and LREBG funds.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Our school used the following rating scale to determine the effectiveness of the actions to achieve the articulated goal. Ratings were based on an analysis of both inputs from educational partners and metrics. Rating Scale (lowest to highest): 1 – Not Effective; 2 – Somewhat Effective; 3 – Effective.

The actions outlined in Goal 1 helped make progress towards the LEA's goal: Increase Academic Progress.

Action 1.1: English Learners support staff, interventions, and materials

Effectiveness of Action: 3 - Effective

Metric: English Learner Progress Indicator (ELPI) and Reclassification Rate

Analysis Statement: Because of previous low student English Learner enrollment, both ELPI and reclassification rates were suppressed until this year, which established a baseline of 12%, with an expectation of a 3% annual growth goal. We will continue to monitor and make adjustments as necessary as our student population grows over time.

Action 1.2: All academic interventions and program materials

Effectiveness of Action: 3 - Effective

Metric: Reading - Lexile First Average and Students Re-Tested and Demonstrating Lexile Growth; and Mathematics - Quantile First Average and Students Re-Tested and Demonstrating Quantile Growth

Analysis Statement: Our Reading First Average Lexile desired outcome score for all students was 1000, and our actual 25-26 score of 1237 exceeded both the baseline as well as last year's results. However, our Math First Average Quantile score of 1142 exceeded both the baseline Math Quantile of 998 as well as last year's score of 1130. In discussion with educational partners and through evaluation of our school assessment process, we have determined that the first average lexile and quantile scores have little to do with student progress over time, as they are captured at the beginning of the school year. In reviewing the Reading metrics, 72% of students showed Lexile growth in Reading compared to the baseline of 14% and last year's score of 48%. In Math, 75.8% of students showed Quantile growth, compared to the baseline of 22% and last year's score of 62%. We will continue this action.

Action 1.3: Tutoring and support for students

Effectiveness of Action: 3 - Effective

Metric: Credit Completion Rate

Analysis Statement: We noted an overall average credit completion of 4.28, which is higher than the baseline of 1.90, last year's 3.89, as well as the 3-year target of 4.0. We continue to receive positive feedback on the new curriculum platform from students and parents, and are confident that credit completion will continue to increase as education partners continue to become more proficient in its use.

Action 1.4: Counseling students toward graduation and materials

Effectiveness of Action: 3 - Effective

Metric: DASS Cohort Graduation Rate 1 Year

Analysis Statement: Our overall DASS 1-Year Graduation Rate was 93.9%. Additionally, all measured subgroups showed growth. We continue to support grade-level graduation initiatives to keep students engaged in thoughts of their post-secondary success. All students have a personalized learning plan that they review regularly with staff, including counselors, to stay on track for graduation. Once students reach senior-level credits, they have robust support and preparation for graduation.

Action 1.5: Teachers and staff are qualified and appropriately assigned

Effectiveness of Action: 3 - Effective

Metric: Teachers are Highly Qualified and Credentialed

Analysis Statement: As noted in the metric section above, our desired outcomes for maintaining teachers and staff who were appropriately qualified and assigned at 100% were sustained. We are committed to our students to ensure the delivery of high-quality education, personalized support, and effective guidance that meets the diverse needs and challenges of each learner.

Action 1.6: Professional Development for English Learners

Effectiveness of Action: 3 - Effective

Metric: English Learner Progress Indicator (ELPI) and Reclassification Rate

Analysis Statement: We maintain the belief that professional development opportunities for our EL staff help students develop new skills and competencies and are instrumental in the improved reclassification rate and ELPI over time. As mentioned above, the current ELPI progress rate was noted at 50%. Last year, there were not enough students in this category to warrant a performance color on the California Dashboard. With the new baseline at 50%, this puts the school within range of the 3-year target of 52%. Likewise, the LTEL progress rate was cited to be 45.8%, a solid starting point. We feel this to be an indicator of an effective action, despite of previous lack of students in this

category for comparison, and we expect to meet and exceed the 3-year target. We do, however, believe that continuing to provide professional development and investing in our new curriculum and instructional strategies will continue to move the needle forward. Our EL staff can offer tools to support growth and development in the areas where students require the most assistance. We will continue our efforts to add more effective EL training to ensure that English Learners have quality instruction in their program. Our educators will continue to attend conferences such as CAFE that provide the latest research-based practices and resources allowing them to stay current with evolving educational trends.

Action 1.7: LREBG - Intervention programs and support personnel to support students

Effectiveness of Action: 2 - Somewhat Effective

Metric: 1.3 Reading Lexile and 1.4 Mathematics Quantile

Analysis Statement: We will support our students who struggle with academic performance by providing intervention programs and support personnel to address their learning gaps. LREBG funding is directed towards academic and socioemotional interventions for all students as needed. The needs assessment substantiated findings from the 2024 Dashboard related to low academic performance in mathematics and English Language Arts. A review of state and local data, such as NWEA Map results, indicates that our students have average initial NWEA MAP scores at the following grade level: 1256 = 6th grade level in Reading and 1178.51 = 5th grade level in Mathematics. This action directly addresses the need to engage students with comprehensive interventions and academic support in order to improve their learning gaps. This action aligns with the allowable uses of LREBG funds in the areas of learning recovery programs to increase proficiency, tutoring, as well as others listed in the grant. Studies have shown that students who participate in tutoring and other socioemotional supports are more likely to realize gains in their academic performance. Additionally, research shows that students who engage in mathematics intensive tutoring demonstrate an increase in math scores by 0.19 to 0.31 standard deviations. We will monitor our students' participation in tutoring each learning period and use NWEA scores to assess performance.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Action 1.7: LREBG - Intervention programs and support personnel to support students

This is somewhat effective. Following a collaborative evaluation and needs assessment, we identified opportunities to strengthen the connection between NWEA MAP results and student performance in English Language Arts and mathematics. We recognize the importance of engaging students with comprehensive interventions and academic support in order to improve their learning gaps, including strengthening social-emotional supports to ensure students are engaged, supported, and on track for on-time graduation. Moving forward, possible adjustment will be to implement additional professional development, strengthen instructional strategies and student engagement, expand tutor support, close learning gaps for EL, LTEL, FY, and LI students, and enhance intervention programs such as tutoring and small group instruction. Next steps include monitoring students' participation in tutoring each learning period and use NWEA scores to assess performance.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Long-term English Learners (LTEL) and English Learners support staff, interventions, and materials	<p>Our ELD program follows the CA EL Roadmap for effective practices, and we provide additional support for ELs struggling with academic proficiency.</p> <ul style="list-style-type: none"> • EL Specialist supports EL students. • Differentiated instruction for EL and LTELs. • English learner tutors. • Individualized English Language Development Plan (IELDP). • Paraprofessional for EL program • Bilingual enrollment specialist. <p>Our aim is to continue an increase in reclassification and improve ELPAC scores. EL and LTEL students will benefit from increased services offered by our EL Specialist and EL Paraprofessional. The EL Specialist will collaborate and train all general education teachers to customize instruction for English Learners and LTELs, and to effectively use the IELDP to provide targeted support. Additionally, our team includes a bilingual enrollment specialist and a bilingual retention specialist. We anticipate that students' ELPAC scores and reclassification rates will rise through the personalized academic support and attention provided by qualified personnel. academic support and attention they will receive from qualified personnel.</p>	\$215,500.00	Yes
1.2	All academic interventions and program materials	<p>Academic interventions and program materials will be provided for our English learners, LTELs, low-income and foster youth students struggling with academic proficiency which will help them improve their skills. As demonstrated in the Identified Needs and Metrics sections, state and local assessments in ELA and Math indicate that some of our lowest-performing students are the English Learners, low-income, and foster youth student groups compared to the all-student group. Interventions will be provided for our unduplicated students struggling with academic proficiency, including targeted instruction for 1:1 tutor support, EL Specialist and Teacher collaboration, and preventative or attendance intervention meetings (PMs and AIMS). Students who participate in academic interventions will decrease their learning gaps, as shown in their NWEA scores and course completion rates. However, we expect that all students showing low</p>	\$244,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>proficiency will benefit from the above actions.</p> <p>Not Eligible for Differentiated Assistance.</p> <p>Student have average NWEA MAP scores at the following grade level:</p> <p>Reading All: 982=7th grade level LI: 980= 7th grade level</p> <p>Math ALL: 998=7th grade level LI: 1032=8th grade level</p> <p>To meet these needs, the LEA will provide the following:</p> <ul style="list-style-type: none"> • Targeted instruction for 1:1 tutor support. • EL Specialist and Teacher collaboration. • Preventative or attendance intervention meetings. • NWEA MAP is used as a diagnostic to appropriately place students in interventions. 		
1.3	Tutoring and supports for students	<p>Tutors will be provided for our English learners, LTEL, low-income, and foster youth students who need additional support in completing their coursework and earning credits toward graduation.</p> <ul style="list-style-type: none"> • Tutors are available for additional support. • Intensive tutoring for credit completion. • Senior counseling for students to help stay on track. • Improve tutor-student relationship to increase participation. • Professional learning communities collaborate around student progress towards graduation. • Increase teacher referrals to tutoring and other supports. <p>This action is expected to reduce resource inequities and credit completion rates. Through personalized instruction and focused intervention, we aim</p>	\$140,100.00	Yes

Action #	Title	Description	Total Funds	Contributing
		to provide students with the support they need to excel academically. By identifying areas of weakness and tailoring our approach accordingly, we are confident that these tutoring sessions will lead to measurable improvements in student achievement.		
1.4	Counseling students towards graduation and materials	<p>Counselors will be principally directed to promote high expectations and provide guidance toward graduation. Counselors will connect frequently and as needed with high-needs students, to help meet social-emotional needs. Additionally, we will do the following:</p> <ul style="list-style-type: none"> • Closely monitor and track the progress of potential grads, then collaborate and adjust around the results. • Provide additional support for potential graduates starting at the beginning of the year. • Counselors will meet more regularly with future grads. • Counselors help address obstacles to graduation. <p>Counselors and advisers will work together with unduplicated student groups to effectively monitor student progress toward graduation with intentional course planning, data to drive instruction and course placement, and 1:1 coaching/counseling. Counselors and advisers will regularly meet to discuss goals and progress. Counselors will also help address obstacles that unduplicated students might have at home or in their communities by providing resources to families. This action has been effective for many students in assisting them to successfully graduate.</p>	\$53,800.00	Yes
1.5	Qualified Teachers and Staff are Appropriately Assigned	<p>All students will have access to teachers who are fully credentialed and appropriately assigned to teach in their subject area of competence. Any teacher misassignments will be monitored and rectified, so that students are served according to the legal requirements.</p> <p>All students with disabilities will be provided a free, appropriate, public education, including all required designated instructional services outlined</p>	\$1,188,684.00	No

Action #	Title	Description	Total Funds	Contributing
		in their Individualized Education Plan as well as required by the education code and related regulations.		
1.6	English Learner Professional Development	<p>Our ELD program follows the CA English Learner Roadmap for effective practices, and we provide professional development for staff to help serve English learners and LTELs with their language acquisition. We will do the following:</p> <ul style="list-style-type: none"> • Professional development for effective EL strategies, such as SIOp. • Professional development for implementing the EL Tool Kit. • EL Paraprofessionals trained. • EL Tutors trained. • Training in Individualized English Language Development Plan (IELDP). • Professional learning communities, workshops, and conferences for staff. <p>Staff training may include but is not limited to developing an EL Tool Kit, implementing effective EL strategies using SIOp (Sheltered Instruction Observational Protocol), and scaffolding strategies such as modeling, building schema, contextualization, and others that have proven to be effective. Additionally, workshops, conferences, and professional learning communities may provide information that will build the capacity of faculty and staff to increase student performance. We expect that our English Learners' ELPAC scores and the reclassification rate will increase because of the personalized academic support and attention they will receive from qualified personnel. We prioritize professional development to support the needs of our English Language Learners, including sending EL staff to the California Association of Bilingual Educators (CABE) conference. All staff members are trained in implementing SDAIE techniques to improve learning facilitation and understand the student's IELDP for implementation of targeted strategies for improved language skills.</p>	\$300.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.7	LREBG - Intervention programs and support personnel to support students	<p>We will support our students who struggle with academic performance by providing intervention programs and support personnel to address their learning gaps. LREBG funding is directed towards academic and socioemotional interventions for all students as needed. The needs assessment substantiated findings from the 2024 Dashboard related to low academic performance in mathematics and English Language Arts. A review of state and local data, such as NWEA Map results, indicates that our students need support in the areas of English Language Arts and mathematics. This action directly addresses the need to engage students with comprehensive interventions and academic support in order to improve their learning gaps. This action aligns with the allowable uses of LREBG funds in the areas of learning recovery programs to increase proficiency, tutoring, as well as others listed in the grant. Studies have shown that students who participate in tutoring and other socioemotional supports are more likely to realize gains in their academic performance. Additionally, research shows that students who engage in mathematics intensive tutoring demonstrate an increase in math scores by 0.19 to 0.31 standard deviations. We will monitor our students' participation in tutoring each learning period and use NWEA scores to assess performance.</p>		No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	<p>Students Will Gain Skills for College and Career-Readiness:</p> <p>This is a broad goal for helping students gain skills for college and career-readiness for all students, including low-income, English learners, and foster youth students.</p>	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 7: Course Access (Conditions of Learning)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

This goal was developed with the special needs and interests of our unique student population. Most of our students choose our independent study program to change their story and increase their viability after graduation. We support their interests in pursuing a career through our CTE course work and partnerships. Everyone receives state standards aligned curriculum and we encourage students who are college bound to meet the A-G requirements. Year after year, we expect these metrics to show improvement for all of our student groups.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our school used the following rating scale to determine its progress in implementing the actions to achieve the articulated goal. Ratings were based on an analysis of both input from educational partners and metrics. Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability.

The actions outlined in Goal 2 supported the progress in meeting the following goal: Students Will Gain Skills for College and Career Readiness.

Action 2.1: Career and college-readiness for English Learners, low-income, and foster youth students Implementation Status: 3 – Initial Implementation

Analysis Statement: Our dedication to promoting student achievement through post-secondary success is can be seen in our DASS 1 year graduation rate and our rigorous coursework. However, we have a need to develop Career Technical Education pathways. We do offer introductory CTE courses in Healthcare, with plans to offer more in the future. We also have a Jobs for American Graduates (JAG) cohort, and a new Career Planning course implemented this school year. All students have access to A-G coursework, and we have increased the number of A-G graduates in the past years. No substantive difference in the planned action compared to the actual implementation.

Action 2.2: Professional development addressing English Learners, low-income, and foster youth students. Implementation Status: 4 – Full Implementation

Analysis Statement: Our school places emphasis on professional development because we know when the teacher gets better, the student is served better. We have provided multiple opportunities for professional development dedicated to English Language Development (ELD), low-income, and foster youth students. These workshops and conferences bolster the expertise of our teachers, leaders, and staff, empowering them to delve into assessment data and content to proficiently monitor and advance student proficiency toward standards. No substantive difference in the planned action compared to the actual implementation.

Action 2.3: Technology access and support Implementation Status: 4 – Full Implementation

Analysis Statement: We guarantee that all students who need resources like wifi-enabled chromebooks to complete their coursework have access to them. In fact, we are at a 1:1 ratio for student technology. Our dedication to ensuring 100% satisfaction with our technology supply is evident in our continuous orders for Chromebooks and hotspots, adjusting to site demands, and facilitating the upgrading or replacement of faulty devices. No substantive difference in the planned action compared to the actual implementation.

Action 2.4: Support for standards-based curriculum and instruction Implementation Status: 4 – Full Implementation

Analysis Statement: In the last academic year, we introduced a new curriculum and we have continued to receive positive feedback from our PAC, parents, and students. Parents have continued to voice how pleased they are with our new Learning Management System and the ease of student use. Our new system caters to diverse learning styles, ensuring that students remain actively engaged and motivated throughout their education journey. All parents have access to the LMS as Observers to check student progress. No substantive difference in the planned action compared to the actual implementation.

Action 2.5: Educational materials for an effective program Implementation Status: 4 – Full Implementation

Analysis Statement: Each enrolled student is provided with access to essential resources required for active participation in their classes. The effectiveness of our educational program hinges on the accessibility of top-notch education and software materials spanning diverse subjects. We continue to evaluate and renew our standards-approved curriculum provider, educational programs and to update supplemental materials regularly to meet our students' academic needs, backgrounds, and interests, as well as the functionality of our online program. No substantive difference in the planned action compared to the actual implementation.

Overall Successes:

Although our CCI indicator was essentially maintained from last year as the percentage of students prepared or approaching prepared for college increased by a modest .2%, we recognize this as evidence of a successful implementation and fully expect this metric to increase more significantly as our student population grows. Additionally, our ELA and Math CAASPP scores increased, and our implementation of state standards and EL courses increased as well.

Overall Challenges:

With our small population of students, enrollment in CTE coursework, and especially CTE pathways, is difficult due to the lack of developed partnerships and a centralized location for students to meet with career mentors. We do expect student enrollment to increase, however, we are working to improve metrics related to college and career readiness.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no real material differences in the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, because actual expenditures were greater than budgeted expenditures and principally directed towards our English Language Learners, low-income, and foster youth students. We were able to meet our budgeted expenditures, as shown in the 2025-2026 Contributing Actions Annual Update table for estimated actual expenditures. This is true for the LCFF funds.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Our school used the following rating scale to determine the effectiveness of the actions to achieve the articulated goal. Ratings were based on an analysis of both inputs from educational partners and metrics. Rating Scale (lowest to highest): 1 – Not Effective; 2 – Somewhat Effective; 3 –Effective.

The actions outlined in Goal 2 helped make progress towards the LEA’s goal: Students will Gain Skills for College and Career Readiness

Action 2.1: Career and college-readiness for English Learners, low-income, and foster youth students

Effectiveness of Action: 2 - Somewhat Effective

Metric: Participants in Career Ready Courses, CTE Completion, and A-G Completion

Analysis Statement: Our school saw an appreciable increase in participation in CTE and College and Career Readiness courses from last year, moving us beyond the 3-year target in both of those areas. Additionally, there was an increase in dual enrollment participation of +2%, putting us to within .5% of the 3 year target. We are continuing to work on identifying additional career technical opportunities for our students. Despite increases in CTE, career and college ready coursework, we did not see an increase in A-G ready students. However we will continue to monitor students who are close to A-G completion, to push them toward 4-year college enrollment. Counselors will continue to work with students to highlight the benefits gained from college and career ready coursework, and offer personalized options that cater to student’s interests in the hopes of increasing engagement and motivation.

Action 2.2: Professional development addressing English Learners, low-income and foster youth students

Effectiveness of Action: 2 - Somewhat Effective

Metrics: Statewide Assessments: ELA, Math & Science, and CA Dashboard Performance Indicators

Analysis Statement: Our CAASPP ELA scores improved +11% from 24 to 35%. Math moved from 7% to 39%, a +32% jump in those meeting or exceeding standards. Our College and Career Indicator slightly improved from 6.1% prepared to 6.3% prepared. We do monitor students’ progress through regular data analysis and make adjustments to interventions and professional development as needed based on student performance. We also provide targeted tutoring support focused on areas where students struggle the most. We will continue to monitor and assess students' reading and math proficiency throughout the year to improve CAASPP scores, and continue to build out college and career supports.

Action 2.3: Technology access and support

Effectiveness of Action: 3 - Effective

Metric: Access to Standards-Aligned Materials (100% of Students Offered Wifi Chromebooks Upon Enrollment)

Analysis Statement: Our school has successfully ensured that 100% of students are offered wifi-enabled Chromebooks upon enrollment, thereby guaranteeing equitable access to technology resources and curriculum. By prioritizing technology access, we have eliminated barriers to learning and fostered an environment where every student has the tools they need to succeed academically. We offer comprehensive support services to ensure that students are adept at utilizing technology effectively for learning purposes.

Action 2.4: Support for standards-based curriculum and instruction

Effectiveness of Action: Somewhat Effective

Metric: Implementation of State Academic Standards and EL Courses (CDE Standards Implementation Rubric)

Analysis Statement: This action was somewhat effective because we have not achieved “Full Implementation and Sustainability,” but our high-quality, standards-based curriculum continues to be fully implemented. We are currently at 4.80, which is an increase of 0.16 full implementation of CA Standards. However, we are not at 5.0, which is full implementation and sustainability. Our curriculum is interactive, tailored to individual needs, and engages students through various methods. We analyze student performance data to adjust instruction, offering targeted support to address strengths and weaknesses. This data-driven approach ensures a dynamic learning environment that supports academic growth.

Action 2.5: Educational materials for an effective program

Effectiveness of Action: Effective

Metric: Access to a Broad Course of Study

Analysis Statement: The effectiveness of our educational program relies on the availability of high-quality materials and broad course of study for students. Our school maintains sufficient materials and choices in coursework, overseen by the Regional Instructional Specialist, ensuring every student can access the resources and coursework needed to succeed. We regularly acquire current supplemental materials to meet students’ academic needs effectively.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Overall, we believe that Goal #2: Students Will Gain Skills for College and Career Readiness, is an important goal to continue, with some actions and metrics adjusted, as defined below.

The following actions did have the intended outcome based on the associated metrics as described. Based on a collaborative evaluation of the current action, we believe these actions were effective, and there are changes planned for these actions:

Action 2.1: Career and college-readiness for English Learners, low-income, and foster youth students

This action was somewhat effective in its desired outcome, however we will continue to work with our education partners to improve student outcomes. We will continue to track our A-G graduates, as well as CTE and Pathway completion rates. We will continue our efforts to encourage participation in career ready and college coursework. We will be more closely monitoring our students who have A-G graduation potential, and ensuring that we offer all A-G-ready graduation coursework in which students can participate. This will better prepare students for post-secondary pursuits.

Action 2.2: Professional development addressing English Learners, low-income and foster youth students

This action was somewhat effective in its desired outcome of improving statewide assessment scores, though there is far to go still. We are committed to providing professional development for teachers that focuses on strategies to improve ELA, Math, and Science performance. We will be monitoring student progress on internal assessments to gauge readiness for state testing, and providing interventions and resources to students who are behind in credits, or deficient in skills. Teachers will also work in PLC groups and subject-alike groups to strategize for increased student performance across subject areas and grade levels. This will increase the tools and knowledge needed to effectively support student learning across these critical areas.

Action 2.4: Support for standards-based curriculum and instruction

This action was somewhat effective because we have not achieved “Full Implementation and Sustainability,” but our high-quality, standards - based curriculum continues to be fully implemented. As we have more time with our curriculum and LMS, and add broad course offerings, we will continue to work toward a 5.0.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Career and College-Readiness	<p>Our English Learners, low-income, and foster youth student groups need to be prepared to pursue a career or attend college to address this need. Students participate in a recognition system that helps support their scholastic efforts in a variety of ways that are meaningful to them. We will do the following:</p> <ul style="list-style-type: none"> • Increase marketing and monitoring of course assignments for A-G, CTE, and dual enrollment. • We will continue to track our A-G/CTE and Pathway completion rates. • We will be adding a metric from the Dashboard for the College and Career Indicator. • Promote student interest and exploration in various post-secondary college and career options. <p>Counselors will continue to work with students to highlight the benefits gained from college and career ready coursework and offer personalized options that cater to student’s interests in the hopes increasing engagement and motivation. These actions will positively impact our college and career readiness rates for English Learners, LTELs, low-income, and foster youth student population.</p>	\$53,500.00	Yes
2.2	Professional Development	<p>Staff participate in various professional development opportunities to enhance instructional strategies and differentiate instructions to meet diverse needs of our students. We will do the following:</p>	\$500.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> • Offer additional professional development to support teachers in meeting the needs of EL, LTEL, FY, and LI students. • Regional trainings, workshops/seminars. • Best practices shared in PLC. • Outside conferences that have an impact on At-promise youth. <p>Professional development for our teachers and staff is essential to the progress of our English Learners, low-income and foster youth students. Trainings, conferences, workshops, and professional learning communities provide information for our capacity for meeting our students’ needs (both social-emotionally and academically). There has been a positive impact on our English Learners, low- income and foster youth students, with additional staff training in trauma informed practices, which has led to increased retention rates.</p>		
2.3	Technology Access & Support	<p>All English Learners, LTELs, low-income, and foster youth students will have access to effective technology platforms and support programs. This is an ongoing effort to help them to access their curriculum and instructional support. We will do the following:</p> <ul style="list-style-type: none"> • Upon enrollment provide every student with a Chromebooks with hotspots. • Provide students and teachers with tech support to ensure access to curriculum and instruction. <p>Ensuring that our English Learners, low-income and foster youth students receive and benefit from effective technology platforms and programs is an ongoing effort in helping 100% of them to access their curriculum. Teachers and staff continually support students’ access to technology and provide training and materials to close any gaps. Providing students with Chromebooks and working with them on their use of technology has been effective with our students.</p>	\$5,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.4	Support for Standards-based Curriculum and Instruction	<p>All English Learners, LTELs, low-income and foster youth students will have access to high-quality standards-aligned curriculum and instruction that is continually improving. We will do the following:</p> <ul style="list-style-type: none"> • VAPA coursework will be increased. • Regional leadership for curriculum and instruction will participate in local curriculum review. • Engage in dialogue in collaborative groups. • Provide input on aligning standards to instructional practices. • Analyze data results to develop and improve practices and processes. <p>All our English Learners, low-income and foster youth students, will have enhanced access to a standards-aligned curriculum. The implementation score for our standards-based curriculum based on the CDE Standards Implementation Rubric, and our target is 5.0. We utilize a vetted and standards-aligned curriculum delivery program with personalized, targeted instruction and differentiation to meet the unique needs of each student learner. We monitor the quality of our curriculum program using the CDE rubric each year. Highly qualified teachers teach content and develop support for various student needs.</p>	\$15,416.00	Yes
2.5	Educational Materials for Effective School Program	All students will have access to all materials to participate fully in enrolled courses. An effective education program relies on quality materials for all subject areas. We routinely obtain supplemental materials to address our students' academic needs.	\$977,081.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	<p>Increase Student Retention:</p> <p>This is a maintenance goal for student retention. It is designed to continue the success we have had with addressing student disengagement from their schooling and supporting their decision to either retransfer or graduate through our program. We have safe and welcoming facilities, with a positive school climate, which effectively encourages students to remain engaged in their schooling experience.</p>	Maintenance of Progress Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

We measure our core program through the high rate of retention, graduation and retransferring back in school. Our mission is to successfully help students make the turn away from dropping out of school. We have specially trained staff and teachers in trauma-informed practices, and they know how to effectively address student retention. In consultation with students, families, and staff, we will continue to provide a collaborative educational environment for the success of our students.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Our school used the following rating scale to determine its progress in implementing the actions to achieve the articulated goal. Ratings were based on an analysis of both input from educational partners and metrics. Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability.

The actions outlined in Goal 3 supported the progress in meeting the following goal: Increase Student Retention Rate

Action 3.1: Student retention

Implementation Status: 4 – Full Implementation

Analysis Statement: Our school prioritizes success through retention, with a dedicated Student Retention Support Team collaborating with Academic Advisors and other support staff to identify and eliminate barriers to engagement. We monitor retention weekly, tracking attendance and progress. Students needing additional support receive a multi-tiered system of support until re-engagement or a suitable educational alternative is found. No substantive difference in the planned action compared to the actual implementation.

Action 3.2: Social and emotional supports

Implementation Status: 4 – Full Implementation

Analysis Statement: At the heart of our mission is nurturing the mental and socio-emotional health of our students alongside their academic growth. For instance, we have mental health partners in the community that connect students and their families with personalized mental health and recovery services. Additionally, all staff are trained in trauma-resilient strategies and the school is an accredited Trauma Resilient Educational Community to support holistic student development. No substantive difference in the planned action compared to the actual implementation.

Overall Successes:

Our school has been successful in garnering social and emotional support for students, and we have effectively supported students at various levels of engagement, ensuring their continued participation and academic progress. Students are meeting with teachers for synchronous instruction at a rate of 91.2%, which is +19.6% more than last year, and +41.2% more than the baseline, breaching the 3-year target. Our suspension and expulsion rate remains at 0% with a focus on restorative practices and other means of correction. We are committed to holistic student development, building a healthy network of supportive services, that will positively impact academic retention and community support.

Overall Challenges:

This year, our retention rate dropped below baseline. With such good progress concerning attendance rate, and synchronous instruction attendance rate, we feel this dip to be ephemeral and we expect it to rebound and surpass the 3-year target in the coming year. One challenge is ensuring the sustainability and scalability of support programs as student populations evolve and funding fluctuates. Additionally, maintaining high levels of staff training and expertise in trauma-resilient strategies requires ongoing investment and commitment.

Furthermore, managing expectations and ensuring equitable access to support services for all students, regardless of background or circumstance, remains an ongoing challenge. Addressing these challenges requires continued collaboration, adaptability, and a commitment to meeting the evolving needs of our student community, of which we have.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences in the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services because actual expenditures were approximately the same as budgeted expenditures and principally directed towards our English Language Learners, low-income and foster youth students. We were able to meet our budgeted expenditures as shown in the 2025-2026 Contributing Actions Annual Update table for estimated actual expenditures. This is true for the LCFF funds.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Our school used the following rating scale to determine the effectiveness of the actions to achieve the articulated goal. Ratings were based on an analysis of both inputs from educational partners and metrics. Rating Scale (lowest to highest): 1 – Not Effective; 2 – Somewhat Effective; 3 – Effective.

The actions outlined in Goal 3 helped make progress towards the LEA's goal: Increase Student Retention Rate Action

Action 3.1: Student retention

Effectiveness of Action: 2 - Somewhat Effective

Metric: Retention Rate, Attendance Rate, Non-Completer/Dropout Rate

Analysis Statement: At 71.50%, our retention rate data saw a decrease below the baseline of 88.06% this year. This is despite seeing very positive gains in both the Attendance Rate, and Students Regularly Participating in Synchronous Instruction rate, being +12.56%, and +41.2% above baseline respectively. Additionally, our Non-Completer rate dropped below last year and the baseline. We are committed to our current retention processes, ensuring success through ongoing monitoring and support. Our dedicated team will address barriers to engagement, monitoring retention weekly and providing multi-tiered support until re-engagement or alternative options are found.

Action 3.2: Social and emotional supports

Effectiveness of Action: 3 - Effective

Metric: Success Rate, Suspension Rate, Expulsion Rate

Analysis Statement: Our success rate of 89.57% continues to surpass the 3-Year target of 85%. We also have zero suspensions and zero expulsions, focusing on restorative practices for discipline when possible. We're committed to maintaining this achievement by prioritizing students' emotional health, providing ongoing support, and equipping staff with trauma-resilience training. This proactive approach ensures sustained success and growth for our school.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Action: 3.1: Student retention

This metric was updated to be an end-of-year measurement. This action was somewhat effective in achieving the intended outcome. We saw a drop in the Retention Rate that dipped below the baseline of 88.06%. We believe this to be a fluctuation, and not indicative of the overall health of the action. This is based on increases in other key metrics such as Attendance Rate, Students Regularly Participating in Synchronous Instruction, as well as a decrease in the Non-Completer Rate. We take retention very seriously and are working to increase the efficiency of our ongoing monitoring and support methods. While we experienced significant enrollment growth this year, affecting staffing and school systems for intervention, we are consistently collaborating as a leadership and staff team to improve processes and procedures, and adequately staff for continued enrollment.

Action 3.2: Social and Emotional Supports

This metric was updated to be an end-of-year measurement.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Student Retention	<p>All English Learners, LTELs, low-income, and foster youth students will be supported with actions and services to improve their retention. We will do the following:</p> <ul style="list-style-type: none"> • Our student retention support personnel will engage in active outreach. • Student retention services will be trained. • Provide additional services that support retention. <p>Ensuring that our English Learners, low-income and foster youth students, are working toward course completion and remaining in school is foundational to our program. Students are often behind on credits and have experienced gaps in their education. We have trained personnel who provide outreach and monitoring of students’ progress and attendance. These actions will positively impact the attendance rates of our English Learners, low-income and foster youth students.</p>	\$100.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.2	Social and Emotional Supports	<p>All English Learners, LTELs, low-income, and foster youth students will be supported with actions and services to improve the success rate. We will do the following:</p> <ul style="list-style-type: none"> • Our SEL programs are offered as necessary. • Additional counseling, support personnel, and professional development. • Providing additional services that support student success such as SEL courses. <p>All staff are trained in trauma-resilient strategies to support holistic student development. Programs that positively impact students include Care Solace which connects students and their families with personalized mental health and recovery services. Our Hope program provides vital resources and parenting support to students with children. We will continue to provide and build on these actions and services to ensure that our English Learners, low-income, and foster youth student populations are getting increased social and emotional needs support.</p>	\$100.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	<p>Increase Educational Partners' Engagement:</p> <p>This is a maintenance goal for sustaining our educational partners' meaningful engagement. We believe that student, staff and parent/family participation improves the school community. We encourage all of our educational partners to participate in meaningful ways to promote positive school outcomes, such as safety and connectedness.</p>	Maintenance of Progress Goal

State Priorities addressed by this goal.

<p>Priority 3: Parental Involvement (Engagement)</p> <p>Priority 6: School Climate (Engagement)</p>

An explanation of why the LEA has developed this goal.

<p>Involving parents in their student's orientation, awards, school activities, survey's and parent advisory, has a positive impact on the student's school experience. With consultation of our educational partners, we have made this goal a maintenance of progress goal. We measure the success of this goal through attendance in school activities, conferences, including ELAC and PAC meetings, and school survey's.</p>

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 4.1: Community/Parent liaison and meaningful school activities

Implementation Status: 4 – Full Implementation

Analysis Statement: As a school, we recognize the importance of increasing engagement with our educational partners to ensure student success. This year, we've offered events such as student orientations, PAC and ELAC meetings, parent-teacher conferences, academic counseling sessions, parent-teacher conferences, and graduation ceremonies, and we've invited our educational partners to participate in these activities. No substantive difference in the planned action compared to the actual implementation.

Action 4.2: Educational partner engagement

Implementation Status: 4 – Full Implementation

Analysis Statement: Our commitment lies in nurturing a caring community within our school program. With purposeful outreach efforts, our staff encourages education and community partners to participate actively in school decision-making. Our partnerships include counselors, community liaisons, social workers, parent liaison, and others who refer students to us and support students to wrap-around services in their local areas. No substantive difference in the planned action compared to the actual implementation.

Overall Successes:

Our school has achieved notable success in engaging educational partners. Through strategic outreach efforts, we have cultivated strong partnerships. These partnerships have enhanced our ability to support students and families effectively. Additionally, we ensure that important information is accessible to all members of our diverse community. PAC and ELAC activities serve as forums for meaningful collaboration between parents, teachers, and administrators, facilitating open communication and informed decision-making for the benefit of our students. We noted an event participation count of 299, which is +173 above baseline and slightly above last year. We maintained a PAC and ELAC meetings count that is +33 over baseline, though slightly lower than last year. Additionally, at 80%, we saw increased participation on the Student survey over last year, with a significant, +47.5% increase over baseline.

Overall Challenges:

Parent engagement presents challenges that require proactive and creative strategies. Overcoming barriers like limited time, language differences, and cultural diversity is crucial. Ensuring meaningful participation from all parents, regardless of background remains a priority for our school. We saw very slight drop below baseline for the Parent Survey to the tune of -1.5%. The survey is very important to us. We are continually looking for innovative ways to engage parents. We believe this to be an ephemeral result that will rebound.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no real material differences in the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, because actual expenditures were greater than budgeted expenditures and principally directed towards our English Language Learners, low-income, and foster youth students. We were able to meet our budgeted expenditures, as shown in the 2025-2026 Contributing Actions Annual Update table for estimated actual expenditures. This is true for the LCFF funds.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Our school used the following rating scale to determine its progress in implementing the actions to achieve the articulated goal. Ratings were based on an analysis of both input from educational partners and metrics. Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability.

The actions outlined in Goal 4 supported the progress in meeting the following goal: Increase Educational Partner Engagement

Action 4.1: Community/Parent Liaison and Meaningful School Activities

Effectiveness of Action: 3 - Effective

Metric: Participation Counts in Parent Conferences/Orientation/Events/Activities

Analysis Statement: We noted that 299 education partners compared to 294 in the previous year participated in meaningful school activities. Though essentially similar, these results are both well above baseline, indicating sustained performance. We expect these to rise. We continue to engage parents with parent / teacher conferences and other events through targeted outreach and improved communication. Proactive measures like personalized invitations, multi-language support, and flexible scheduling overcame barriers such as time constraints and language differences. These efforts cultivated a culture of collaboration, strengthening the school-parent connection for student benefit. Our metrics showed a significant increase in participation over time.

Action 4.2: Educational partner engagement Effectiveness of Action

Effectiveness of Action: 3 - Effective

Metric: School Survey Data

Analysis Statement: As previously stated, our annual survey results participation increased for the student survey by +30.5% over baseline. The parent survey landed -1.5% below baseline in terms of participation, but we still feel the action to be effective based on the relatively small enrollment, creating big swings in % movement. We are wholly committed to fostering and maintaining a strong connection within our school community. Through inclusive communication, we've created a safe environment where families and staff actively participate. This engagement reflects our commitment to fostering a supportive and inclusive culture. As we prioritize feedback and collaboration, we're confident our community will remain united.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Overall, we believe that Goal #4: Increase Educational Partner Engagement, is an important goal to continue.

Action 4.1: Community/Parent liaison and meaningful school activities

This action was effective in achieving the intended outcome, and there no changes are planned at this time.

Action 4.2: Educational partner engagement

This action was effective in achieving the intended outcome, and there no changes are planned at this time.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Community/Parent Liaison and Meaningful School Activities	<p>All parents of English learners, LTELs, low-income, and foster youth students will have access to meaningful parent activities and events at school. We will do the following:</p> <ul style="list-style-type: none"> • Community liaison who does outreach. • Provide meaningful parent activities. • Promote events and activities to parents to participate in at school. <p>Parent and academic partner engagement are essential to effective schooling for our English Learners, low-income and foster youth students.</p>	\$85,100.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>We know that parents, guardians, and families have difficulty engaging in meaningful school activities. We will continue to provide a Community Liaison who does outreach and promotes the school as a welcoming place for everyone. In addition, we have increased partner engagement with local agencies such as probation, caseworkers, child welfare services, and others who contribute to the success of our English Learners, low-income and foster youth students. We will continue to provide this action because we know that parent and partner engagement is essential promoting the value in the family.</p>		
4.2	Educational Partner Engagement	<p>Educational partner engagement is essential to a positive school experience and outcomes, especially for our English learners, LTELs, low-income, and foster youth. We will do the following:</p> <ul style="list-style-type: none"> • Enhance communication with parents. • Provide meaningful educational partner engagement activities. • Provide two-way communication opportunities. • Provide additional services that support virtual communication and materials as necessary. <p>School activities and events are important to our English Learners, low-income and foster youth students, and their families to feel connected to the school's purpose and have increased engagement. We will continue this action because it promotes collaboration, offers valuable resources, enriches learning opportunities, and supports the overall development of our students through diverse perspectives and expertise.</p>	\$500.00	Yes

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.2	<p>Action: All academic interventions and program materials</p> <p>Need: Students who come to us are typically about 3-grade levels or more below in their academic skills. Based on their NWEA scores we provide a personalized learning environment and interventions targeted to meet their academic gaps. As shown in the metrics</p>	<p>Paseo Grande offers targeted support and mentorship aimed at enhancing achievement through focused tutoring and intervention. Research has shown that tutoring contributes to increased credit completion rates, thereby assisting students in finishing their courses and bolstering their academic skills.</p> <p>Moreover, interventions will be tailored for our unduplicated students struggling with academic proficiency, including personalized instruction with</p>	<p>We will closely monitor progress on our Math and Reading interventions programs. The following metrics are applicable:</p> <p>(NWEA ELA all students, EL, low-income, foster youth)</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>section above, our average NWEA scores show students are far below grade level.</p> <p>Students who enroll with us average about +30 credits or more behind in their schooling. Additionally, on the 2023 CA Dashboard, there were no students in the red, because there were not enough students for a valid calculation. The 2024 and 2025 CA Dashboard did not have color for the ELA or mathematics indicators. (Metrics are reported in Goal #2).</p> <p>Teacher and parent feedback indicated that they support the importance of the intervention programs to increase students' English and math skills.</p> <p>Scope: Schoolwide</p>	<p>1:1 tutor support, collaboration between English Language (EL) Specialists and Teachers, and proactive attendance intervention meetings (PMs and AIMS). Participation in academic interventions will help narrow students' learning gaps, as reflected in their NWEA scores and course completion rates.</p> <p>Based on the assessments results of the NWEA pre and post tests, appropriate interventions will be provided as needed, and their learning will be supported by a diverse team of support staff. We anticipate that these measures will effectively improve students' performance in mathematics and reading assessments. Given the expectation that all students with low proficiency will benefit, these actions will be implemented across the LEA.</p>	<p>(NWEA ELA all students, EL, low-income, foster youth)</p> <p>CA Dashboard Academic Indicator results for ELA and Math</p> <p>We will also consider input from the parents of participating students to enhance the quality of the programs provided.</p>
1.3	<p>Action: Tutoring and supports for students</p> <p>Need: We examined the 2023 CA Dashboard for their Graduation Rate. There were no students in the red because there were not enough students to make a valid calculation. Additionally, students who enroll with us are typically about 30 or more credits behind in school. There was no color for student groups on the 2024 CA Dashboard. Our 2025 4-5 year graduation rate has our</p>	<p>To support progress towards graduation, Paseo Grande offers tutoring and mentorship assistance to students based on their initial year of high school enrollment. Dedicated tutors are assigned to cohorts of 4th and 5th-year students, providing academic support in subjects such as math. Given the proven effectiveness of tutoring in increasing credit completion rates, this initiative aims to help students finish their courses and enhance their academic abilities.</p> <p>Tutoring sessions occur regularly throughout the school year, providing targeted reinforcement of skills that require additional practice. The support</p>	<p>We will closely monitor progress on our credit completion rates for all of our student groups, especially for our student groups. We expect them to increase each year. Additionally, student groups on the Dashboard graduation rate will be monitored.</p> <p>We will also consider input from the parents of</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>socioeconomically disadvantaged group in the red.</p> <p>Teachers, students, and parents provided feedback indicating that they support the high-value tutors bring to the program.</p> <p>Scope: Schoolwide</p>	<p>provided by tutors has proven successful in addressing academic gaps and facilitating student progress towards credit recovery and graduation.</p> <p>We anticipate that these efforts will effectively increase students' credit completion rates, ultimately contributing to improved graduation rates. As we anticipate benefits for all students with low proficiency, this initiative is implemented across the LEA.</p>	<p>participating students to enhance the quality of the program provided.</p>
<p>1.4</p>	<p>Action: Counseling students towards graduation and materials</p> <p>Need: Historically, some of our lowest graduation rates are among the English learners, LTEL, low-income, and foster youth student groups, who are also students with disabilities, when compared to the All-student group who are at 100% for the DASS 1-Year graduation rate, (internally calculated) and reported on our SARC. We examined the needs of our students who are behind in their coursework and credits. They are behind for a variety of reasons and many obstacles need to be addressed before they graduate successfully. The DASS Graduation rate for 2024 was 90.0%, and in 2025 it was 93.9%.</p> <p>Teachers, students, and parents provided feedback indicating that they support the high-value counselors bring to their students.</p>	<p>Paseo Grande conducts monthly data analysis to monitor the success rate of seniors and their progress in completing credits. Our collaborative team, comprising all staff members, actively identifies underperforming students and offers them additional support and resources to bolster their learning efforts. Additionally, counselors and advisers collaborate closely with unduplicated student groups to meticulously monitor student advancement towards graduation. This involves deliberate course planning, utilizing data to inform instruction and course placement decisions, and providing personalized coaching and counseling sessions.</p> <p>Regular meetings are held among counselors and advisers to review goals and track progress. Furthermore, counselors assist in addressing any obstacles that unduplicated students may encounter at home or within their communities by connecting families with relevant resources. This concerted effort has proven effective in supporting many students to successfully graduate and is</p>	<p>We will closely monitor progress on our DASS Graduation rates for all of our student groups, especially English learners, LTEL, low-income, foster youth, and students with disabilities. We expect them to increase each year.</p> <p>We will also consider input from the parents of participating students to enhance the quality of the program provided.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Scope: Schoolwide</p>	<p>expected to increase graduation rates for our unduplicated student groups. Throughout the school year, our students actively engage in a comprehensive counseling program.</p> <p>Counselors maintain regular meetings with students to address their individual needs and inspire them to strive for academic excellence. We anticipate that these measures will positively impact our DASS graduation rates. We believe that all students can benefit from these initiatives, they are implemented school-wide.</p>	
<p>2.1</p>	<p>Action: Career and College-Readiness</p> <p>Need: Some of our lowest career and college-readiness rates are among the English learners, low-income and foster youth student groups who are all below the state average of 18.7% for graduates completing a CTE pathway. They were also below the state average of 44.5% completing A-G courses, and below 11.1% in A-G + CTE pathway completion rate.. Our English Learners, low-income and foster youth students need to be prepared to pursue a career or attend a college. In 2024, graduates completing A-G was 0.0% and CTE pathway completion was 0.0%. Our 2025, graduates completing A-G was 0.0% and CTE pathway completion was 0.0%.</p>	<p>Paseo Grande will continue our efforts to promote participation in college-level coursework. We will closely monitor students with A-G graduation potential and ensure that we offer comprehensive A-G-ready coursework options to prepare them for post-secondary pursuits. All students are required to participate in a work readiness course. These initiatives will positively impact our college and career readiness rates, particularly for English Learners, low-income students, and foster youth. Our dedicated support personnel, staff, partnerships, and resources are instrumental in customizing and delivering the curriculum to meet students' needs.</p> <p>Throughout the school year, teachers and counselors actively promote student interest in post-secondary opportunities, leading to successful outcomes for our students.</p> <p>We anticipate that these efforts will significantly improve our college and career readiness rates across various student demographics, including</p>	<p>We will closely monitor progress on our CTE completion rates and our A-G completion rates, and dual enrollment for all of our student groups, especially English learners, LTEL, low-income, foster youth, and students with disabilities.</p> <p>We will also consider input from the parents, students, and teachers.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students, teachers, and parents provided feedback indicating that they support the value of meaningful student activities and incentives.</p> <p>Scope: Schoolwide</p>	<p>English learners, long-term English learners (LTEL), low-income students, foster youth, and students with disabilities. We believe that all students can benefit from these initiatives, they are implemented school wide.</p>	
<p>2.2</p>	<p>Action: Professional Development</p> <p>Need: As demonstrated in the Identified Needs and Metrics sections, the CAASPP results in the ELA, math, and science assessments show that many of our lowest performing students are English learners, low-income, and foster youth student groups when compared to the All-student group.</p> <p>Teachers and parents provided feedback indicating that they support the value of professional development to increase effectiveness.</p> <p>Scope: Schoolwide</p>	<p>Our focus is to provide targeted professional development opportunities tailored to enhance teachers' strategies in ELA, Math, and Science instruction. Teachers will engage in collaborative efforts through Professional Learning Communities (PLCs) and subject-alike groups to strategize for improved student outcomes across various subjects and grade levels. These plans aim to equip teachers with the tools and knowledge essential for effectively supporting student learning in these critical areas. Recognizing the social and emotional challenges faced by our English Learners, low-income, and foster youth students, ongoing professional development for our teachers and staff remains crucial. Through avenues such as trainings, conferences, workshops, and professional learning communities, our staff receives the necessary information and training to address both academic and social-emotional needs. The implementation of trauma-informed practices has yielded positive results, including increased retention rates and enhanced support for social and emotional needs among our unduplicated student population.</p> <p>Throughout the school year, our teachers actively participate in various professional development</p>	<p>We will closely monitor progress on the CAASPP results, especially for English learners, LTEL, low-income, foster youth, and students with disabilities. We expect that these actions will have a positive impact on students with CAASPP scores increasing.</p> <p>We will also consider input from the parents, students, and teachers.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>opportunities to support their capacity to address the academic and social-emotional needs of our students. This continuous investment in professional growth has shown positive outcomes.</p> <p>We anticipate that the heightened collaboration and learning opportunities for our staff will lead to improved state assessment results for our English learners, long-term English learners (LTEL), low-income students, foster youth, and students with disabilities. Given the belief that all students showing low proficiency will benefit from these initiatives, they are implemented on an LEA-wide basis.</p>	
2.3	<p>Action: Technology Access & Support</p> <p>Need: All English Learners, LTEL, low-income, and foster youth students will have 100% access to the curriculum and instructional support. We know that access to effective technology platforms and support programs is critical to student access to curriculum and instruction.</p> <p>Teachers and parents provided feedback indicating that they support the value of implementing a standards-based curriculum.</p> <p>Scope: Schoolwide</p>	<p>We prioritize ensuring access to effective technology platforms and programs for our English Learners, low-income, and foster youth students. This commitment ensures that every student can fully engage with their curriculum. Our dedicated faculty and staff consistently support students in accessing technology, providing essential training and resources to bridge any gaps that may arise.</p> <p>The distribution of Chromebooks, coupled with guidance on their usage, has proven highly effective over the past year. This proactive initiative begins during student orientation and continues throughout the academic year, with the overarching goal of positively impacting our students' learning experiences.</p> <p>Our ongoing efforts to secure technology access for our English learners, long-term English learners (LTEL), low-income, and foster youth students are firmly in place. However, given our</p>	<p>We will monitor and sustain 100% of our students' access to technology for their educational program.</p> <p>We will also consider input from the parents, students, and teachers.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>belief in the benefits for all students, these actions are implemented across the LEA to ensure comprehensive support and equal opportunities for every student under our care.</p>	
<p>2.4</p>	<p>Action: Support for Standards-based Curriculum and Instruction</p> <p>Need: All English Learners, LTEL, low-income, and foster youth students will have access to high-quality standards-aligned curriculum and instruction that is continually improving. The implementation score for our standards-based curriculum is 4.80, based on the CDE Standards Implementation Rubric.</p> <p>Teachers and parents provided feedback indicating that they support the value of implementing standards-based curriculum.</p> <p>Scope: Schoolwide</p>	<p>We've introduced a new curriculum vendor, offering students more dynamic and high-quality standards-based instruction. This enhancement is designed to improve student engagement and expose them to challenging content that fosters growth and academic excellence. Additionally, we've ensured that all our English Learners, low-income, and foster youth students have enhanced access to a standards-aligned curriculum.</p> <p>Our standards-based curriculum implementation is assessed using the CDE Standards Implementation Rubric, with our target set at 5.0. We utilize a rigorously vetted and standards-aligned curriculum delivery program, providing personalized, targeted instruction and differentiation to meet the unique needs of each student. We conduct annual assessments of our curriculum program's quality using the CDE rubric. Our highly qualified teachers deliver content and develop support strategies to address various student needs.</p> <p>Throughout the school year, our staff will continue to collaborate and refine a high-quality, customized curriculum, providing coaching to support implementation tailored to the unique needs of our student groups.</p> <p>We anticipate that these measures will positively impact our educational program, resulting in</p>	<p>We will closely monitor progress on our implementation of standards-based curriculum score from the CDE Standards Implementation Rubric. We expect improvement on the implementation score each year.</p> <p>We will also consider input from the parents, students, and teachers.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		improved scores each year. An enhanced program benefits our English learners, long-term English learners (LTEL), low-income, foster youth, and students with disabilities. Additionally, recognizing the potential benefits for all students, these actions are implemented school wide.	
3.1	<p>Action: Student Retention</p> <p>Need: We serve English Learners, LTELs, low-income and foster youth, with high mobility, who are typically behind in credits and have been out of school for about a semester or more. We have seen success in the retention rate for our student population, which is currently at 71.50%.</p> <p>Teachers and parents provided feedback indicating that they support the value of supporting student retention.</p> <p>Scope: Schoolwide</p>	<p>Ensuring that our English Learners, low-income, and foster youth students are actively progressing towards course completion and maintaining enrollment is a cornerstone of our program. These students frequently face challenges such as credit deficits and interruptions in their education.</p> <p>To address this, we have dedicated personnel who conduct outreach and closely monitor students' progress and attendance. These proactive measures are expected to have a positive impact on the attendance rates of our English Learners, low-income, and foster youth students.</p> <p>Furthermore, because we expect that all students could benefit from this action, it is provided on a schoolwide basis.</p>	<p>We expect that these actions will have a positive impact on the Retention Rate of our program and that we will stay above 80% each year for all of our English Learners, LTELs, low-income, and foster youths.</p> <p>We will also consider input from the parents, students, and teachers.</p>
3.2	<p>Action: Social and Emotional Supports</p> <p>Need: We serve English Learners, LTELs, low-income, and foster youth students, many of whom have sustained social and emotional</p>	All staff undergo training in trauma-resilient strategies to foster holistic student development. Programs such as Care Solace, which facilitates connections between students and their families with personalized mental health and recovery services, have proven beneficial.	

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>trauma. How we address this impacts our Success Rate, which measures graduation, retention and rematriculation. The Success Rate is currently 89.57%.</p> <p>Teachers and parents provided feedback indicating that they support the value of student success.</p> <p>Scope: Schoolwide</p>	<p>Additionally, our Hope program offers essential resources and parenting support to students with children. We are committed to further enhancing and expanding upon these initiatives to ensure that our English Learners, low-income, and foster youth student populations receive increased support for their social and emotional needs.</p> <p>Additionally, because we expect that all students will benefit, this action is provided on an LEA-wide basis.</p>	
4.1	<p>Action: Community/Parent Liaison and Meaningful School Activities</p> <p>Need: Our English learners' parents, low-income, and foster youth students are some of the least involved educational partners. Feedback from teachers, SRS, administrators, and counselors, state that the parents of English Learners, LTELs, low-income and foster youth students are less involved in their student's educational activities. According to our educational partners, parents are an essential component to effective schooling and the overall academic success of these students. As shown above, in the metrics section, we expect the participation counts to be above enrollment.</p>	<p>Fostering parent and academic partner engagement is crucial for the success of our English Learners, low-income, and foster youth students. We recognize the challenges parents, guardians, and families face in actively participating in school activities. Therefore, we will continue to provide a dedicated Community Liaison who conducts outreach and promotes our school as a welcoming environment for all stakeholders.</p> <p>Additionally, we have strengthened our partnerships with local agencies, including probation, caseworkers, and child welfare services, recognizing their valuable contributions to the success of our targeted student groups. This commitment to parent and partner engagement is integral to ensuring student success.</p> <p>We firmly believe that increasing parent and family engagement, alongside fostering community connections, will have a positive impact on our</p>	<p>We will closely monitor the progress on our parent participation count so that they are above the enrollment amount. We will also consider input from the parents, students, and teachers.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Teachers and parents provided feedback indicating that they support the value of implementing parent engagement activities.</p> <p>Scope: Schoolwide</p>	<p>students. This initiative is ongoing throughout the school year, reflecting our commitment to sustained support. However, because we expect that all students will benefit, this action is provided on a LEA-wide basis.</p>	
<p>4.2</p>	<p>Action: Educational Partner Engagement</p> <p>Need: Feedback from teachers, administrators, and counselors, state that the parents of English Learners, LTELs, low-income, and foster youth students are less involved in their student's educational activities. Results from our school survey show that our parents report that 100% feel connected.</p> <p>Parents and teachers provided feedback indicating that they support the value of educational partners.</p> <p>Scope: Schoolwide</p>	<p>School activities and events play a crucial role in fostering a sense of belonging and engagement among our English Learners, low-income, and foster youth students, as well as their families. We strongly value the involvement of parents and strive to ensure they feel encouraged to participate actively.</p> <p>We anticipate that our community liaison, working in collaboration with our staff, will effectively utilize these resources to enhance positive two-way communication with parents of English Learners, foster youth, and low-income students through written, verbal, and virtual channels. This initiative is ongoing throughout the school year. We are dedicated to maintaining this initiative as we have observed the positive impact it has on schools when barriers to access are addressed for our English learners, long-term English learners (LTELs), low-income, and foster youth students.</p> <p>However, recognizing the potential benefits for all students, this action is implemented across the LEA to ensure comprehensive support and equal opportunities for every student. However, because we expect that all students will benefit, this action is provided on an LEA-wide basis.</p>	<p>We expect that these actions will have a positive impact on the school survey results. We expect parents will report that over 85% feel encouraged to participate each year, based on the school survey.</p> <p>We will also consider input from the parents, students, and teachers.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.1	<p>Action: Long-term English Learners (LTEL) and English Learners support staff, interventions, and materials</p> <p>Need: According to the 2023 CA Dashboard, our English Learner student group had no color on the English Learners Performance Indicator (ELPI). We also examined our reclassification rate trend and did a needs assessment on our LTELs. On the 2024 CA Dashboard, there was no color for ELs nor LTELs in the ELPI. Our 2025 ELPI was 50% making progress for EL, and our LTELs were 45.8% making progress.</p> <p>Teacher and parent feedback indicated that they support the importance of the EL program and support for increasing students' skills.</p> <p>Scope:</p>	<p>To address the needs of our English Learners (EL) and Long-Term English Learners (LTEL), we are enhancing the services provided by our EL Specialist and EL Paraprofessional. The EL Specialist will collaborate with and train all general education teachers to customize instruction for EL and LTEL students and effectively utilize the Individualized English Language Development Plan (IELDP) for targeted support. Additionally, we employ a bilingual enrollment specialist and a bilingual retention specialist.</p> <p>Throughout the year, we will address students' needs by providing an EL Paraprofessional or other trained bilingual support personnel. This support includes, but is not limited to, EL paraprofessionals, EL tutors, ELD Leads, support staff, and supplementary materials for the ELD program. Students will receive individualized support based on their specific English proficiency levels.</p> <p>The IELDP is a key component of our comprehensive program, ensuring that each</p>	<p>We expect that students' ELPAC scores and their reclassification rate will increase as a result of the personalized academic support and attention they will receive from qualified personnel. We will closely monitor progress on this action which is designed to meet the needs most associated with English learner students.</p> <p>We will also consider input from the parents of participating students to enhance the quality of the program provided.</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Limited to Unduplicated Student Group(s)	English learner meets their linguistic and academic goals. We anticipate that these actions will significantly enhance our EL and LTEL students' performance on the ELPAC and improve their reclassification rates. This action is provided on a limited basis.	
1.6	<p>Action: English Learner Professional Development</p> <p>Need: According to the 2023 CA Dashboard, our English Learner student group did not have a color on the English Learners Performance Indicator (ELPI). We also examined our reclassification rate trend and did a needs assessment on our LTELs. On the 2024 CA Dashboard, there was no color for ELs nor LTELs in the ELPI. Our 2025 ELPI was 50% making progress for EL, and our LTELs were 45.8% making progress.</p> <p>Parent and teacher feedback indicated that they support the importance of professional development to support English learners and LTELs.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	<p>Paseo Grande will continue to offer professional development in best instructional practices for English Learner education. This will equip our teachers, tutors, and paraprofessionals with diverse and effective teaching methodologies tailored to the needs of our EL students. Our educators will attend conferences such as CAFE to access the latest research-based practices and resources, keeping them abreast of evolving educational trends. Staff training will include the development of an EL Tool Kit, implementing effective EL strategies using the SIOP (Sheltered Instruction Observational Protocol), and scaffolding techniques such as modeling, building schema, and contextualization.</p> <p>These strategies have proven effective in enhancing student learning. Additionally, workshops, conferences, and professional learning communities will provide information that builds faculty and staff capacity to improve student performance. We expect that the personalized academic support and attention from qualified personnel will increase our English Learners' ELPAC scores and reclassification rates. Professional development will occur throughout the year, at least three times on various topics, with follow-up using the professional learning community model. This provides opportunities for</p>	<p>We will monitor progress on this action as it's designed to meet the needs most associated with English learner students. Using real-time tracking, student language proficiency and academic progress will be monitored, and we expect that the CA Dashboard ELPI, as well as the reclassification rate, will increase. We will also consider input from the parents of participating students to enhance the quality of the program provided.</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
		<p>staff to engage with each other, share best practices, and enhance their effectiveness.</p> <p>We anticipate that our English Learners, including long-term English Learners (LTEL), will show improvement in ELPAC scores, ELPI, and reclassification rates because of these efforts. This action is provided on a limited basis.</p>	

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Not Applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

We are a single school LEA and an independent study DASS charter school, with over 55% unduplicated students. Our students are served by additional personnel specifically trained to address their specific social-emotional and academic needs. The funds were used to increase or retain critical personnel, who are essential to implementing each goal. Listed below are the goals and actions where there are additional personnel who provided direct services to unduplicated students:

- Goal 1 Action 2: All academic interventions and program materials – have intervention teachers for math, ELA, and reading.
- Goal 1 Action 3: Tutoring and support for students – have many tutors proficient in multiple subject areas.
- Goal 3 Action 2: Social-emotional, trauma support services and materials.

We are single school LEA and do not have comparison schools.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	A response to this prompt is not applicable, because we are a single-school LEA independent DASS school, focused on credit recovery.	A response to this prompt is not applicable, because we are a single-school LEA independent DASS school, focused on credit recovery.
Staff-to-student ratio of certificated staff providing direct services to students	A response to this prompt is not applicable, because we are a single-school LEA independent DASS school, focused on credit recovery.	A response to this prompt is not applicable, because we are a single-school LEA independent DASS school, focused on credit recovery.

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of EC Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by EC Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of EC Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

DRAFT

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> • Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
